I am thrilled to be considered to serve on the Banner Federal Credit Union Board. I have been an employee of Banner Health for nearly 7 years, currently serving as Sr. Manager of Financial Operations for Banner Health Foundation. Banner Health Foundation secures and stewards charitable gifts to support patient care programs and services operated by Banner's many hospitals and health care facilities across Arizona. I have a Master of Business Administration degree from Arizona State University and over 14 years of experience in business operations, both in the non-profit and for-profit settings. I believe my knowledge of finance, operations and philanthropy will add great value to the Board. If elected, I hope to continue the good work of previous Board Members, while offering new thoughts and ideas to support the Credit Union members. Thank you for your consideration.

I have had the privilege of serving on the Board of Directors of the Banner Federal Credit Union since 2005, and I currently serve as Chairman of the Board. Having been a regular customer and member of the credit union for several years before joining the Board of Directors, I believe I'm able to bring a greater awareness and understanding of the needs and concerns of the individual members to my role as a director. I am acutely aware that the reason that the credit union exists is to serve you, the members, and not the other way around. I would like to continue to promote that philosophy on the Board of Directors, which is why I am running for re-election. As Associate General Counsel in the Banner legal department, I provide legal advice to nurses, technicians, physicians and administrators at Banner. I also assist Banner employees in resolving legal problems ranging from subpoenas and litigation to contracts and managed care issues. I represent Patient Financial Services and handle litigation, subpoenas, and other matters and I am heavily involved in the financial aspects of Banner's relations with AHCCCS, Medicare, hospital liens and related financial subjects.

I have specialized in health care law in Arizona for over 30 years, including the defense of doctors, nurses and technicians in medical malpractice trials, wrongful death and related trials and litigation. Since 1991 I have volunteered as a Superior Court Judge Pro Tem, presiding at numerous trials and serving as a settlement judge or mediator in an effort to resolve legal disputes in the community without the need for costly and time-consuming trials. I also volunteered my time as an Arizona Court of Appeals Judge Pro Tem for several years in the 1990's. Before attending law school, I served in the Medical Service Corps of the U.S. Army in hospital administration at various Army hospitals.
